FOR IMMEDIATE RELEASE

kama Energy Efficient Building Systems™ to showcase new structural roof and floor panel at West Coast Green Tradeshow

The innovative new green building product will be showcased at the leading residential green building tradeshow in the country.

Las Vegas, Nev. – Having made headlines in recent weeks in green building publications throughout the world because of its newest innovation, kama Energy Efficient Building Systems, along with their California Agent, Western Specialty Fabrications, will display their new kama-EEBS Structural Roof and Floor Panel™ at the leading residential green building tradeshow in the country, West Coast Green, September 25-27, 2008 at the San Jose Convention Center in California.

kama Energy Efficient Building Systems, Inc. is an emerging leading innovator of green, energy efficient, structural insulated panels that are 100% recyclable, not sandwiched, and are designed without a thermal bridge for both commercial and residential buildings.

“West Coast Green will expose our kama-EEBS™ Wall, Roof and Floor panels to over 13,000 green building decision makers and industry professionals who share an interest in sustainable design, construction and development,” says Ken Miller, Director of kama-EEBS™. “And, with the addition of Lightship Group, our East Coast Fabricating Facility in Rhode Island, kama-EEBS Panels™ are now available worldwide.”

kama-EEBS Panels™ are not only being used for building residential homes, but large commercial buildings, churches and shopping center complexes.

kama Energy Efficient Building Systems Panels™ are at booth 253 at the West Coast Green tradeshow.

About kama-EEBS™: kama Energy Efficient Building Systems, Inc. is the emerging leading innovator of “green”, energy efficient, structural insulated panels, 100% recyclable, from recycled content material, not sandwiched, and designed with no thermal bridge for both commercial and residential buildings. To learn more about kama-EEBS Panels™ and Agents located throughout the U. S. and Canada, please visit www.kama-eebs.com.
